

## Begin a new mission.

Join DaVita and begin your new mission of helping people in need. The largest independent provider of dialysis services in the United States, DaVita has more than 1,200 outpatient dialysis facilities and acute units in nearly 800 hospitals. Though we're proud of that, we have our sights on a higher goal. Our mission is to become the greatest dialysis company the world has ever seen. It's a single purpose we can accomplish with a shared commitment to our mission and our values.

As a DaVita Village Veteran, you become a teammate in an organization that upholds a model of clinical excellence and share in a culture that fosters a sense of community, accomplishment, and fun.

### One for all, and all for one!

At DaVita, we are here to support our patients—and one another. And this encouragement allows us all to take pride in the service we provide every day.

At DaVita, we support our military team members and the contributions they make to our communities.

### Currently hiring:

- Biomedical and Clinical Teammates
